BRIEF OVERVIEW

FMM Perak under the Chairmanship of En. Chua Kay Lin from Nutri Action Sdn Bhd continued to actively pursue with the State Government and Federal agencies on concerns and issues affecting members and in particular SMEs. The Branch championed the problems faced by members producing mineral based products with Perak Land and Mines Office (PTG Perak) such as the time period restriction ruling on transporting goods, export royalty and mining lease renewal. After strong lobbying, PTG Perak exempted twenty-one (21) members from the ruling on transporting mineral based products and provided reduction in export royalty charges for kaolin. In addition, the Branch also successfully urged Perak State Development Corporation (PKNP) to expedite the establishment of Centralised Labour Quarters in Perak and following this, Seri Iskandar and Silibin were earmarked as pilot projects which will be developed by CLQ Silvervalley Sdn Bhd.

On the increase in minimum wage, the Branch actively reiterated that it is not the right time due to the very challenging business conditions via Northern region engagement sessions with National Wage Consultative Council. To facilitated compliance to the Employees' Minimum Standards of Housing, Accommodations and Amenities Act, the Branch organised a series of webinars and engagement sessions with PLANMalaysia, Labour Department, BOMBA and Local Councils for the benefit of members in Perak.

The Branch continued to work closely with key government departments, namely Invest Perak, MIDA, MITI, and PKNP to address a wide range of issues faced by members. With the assistance from these agencies, the Branch was able to help members in their manufacturing license applications, secured funding for industrial profile signboards at Kamunting industrial areas, proposed infrastructure upgrading for FIZ Jelapang and provided a platform for trade opportunities during the working visit to Perak by Trade Delegation from Latin America and Caribbean countries. On utility related issues, the Branch worked closely with Tenaga Nasional Berhad Perak to address power interruptions, supply and power quality issues. Through the establishment of Industrial Park Management Committees (IPMC), members were able to actively participate to address perpetual infrastructure issues affecting industrial areas. Following Branch's representation at these IPMC meetings, road maintenance was carried out at Keramat Pulai Industrial Area, dredging of Sg. Lidin to overcome flooding at Jalan Air Kuning, Taiping, mitigation of the re-occurrence of flooding at Tungzen Industrial area and setting up of a WhatsApp group to raise maintenance issues of industrial areas within Ipoh.

Despite adverse effects of the Covid19 pandemic, the Branch continued to play a proactive role in updating members on the latest government policies and regulations by way of organising various programmes. For financial year 2021/2022, the Branch organised thirty-two (32) activities and co-organising the State level International Anti-Corruption Day 2021 with Malaysian Anti-Corruption Commission (MACC) at Branch Office was one of the pertinent one which was well received by members. To keep abreast with legislative updates, the Branch organised key Webinars namely on National Covid-19 Vaccination Programme, Latest Updates on Act 446 (Workers Accommodation), Amendments to the Employment Act, 1955 and Occupational Safety and Health (Amendment) Act which were well participated by members as well as non-members.
